

ICI Delegates Geographical Spread

(2000 Attendees)

Others – 4%

Australia, New Zealand, South Africa, South America

North America – 11%

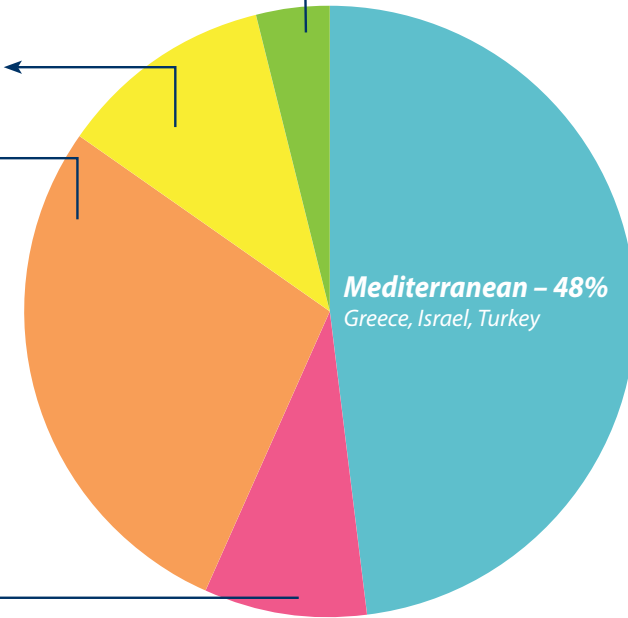

Canada, USA

Europe – 28%

Austria, Belgium, Bosnia and Herzegovina, Croatia, Czech Republic, Denmark, France, Germany, Greenland, Hungary, Ireland, Italy, Latvia, Macedonia, Netherlands, Norway, Poland, Portugal, Russia, Serbia, Slovakia, Slovenia, Spain, Sweden, Switzerland, UK, Ukraine

Asia – 9%

China, India, Japan, Kazakhstan, Vanuatu, Vietnam

ICI Delegates Professional Fields

- Engineers
- Nurses
- Private Equity Firms
- Entrepreneurs
- Patent Experts
- Researchers
- Investors
- Pharmaceutical Companies
- Technicians
- Medical Device Companies
- Physicians
- Venture Capital Firms
- Radiologists
- Interventional Cardiologists
- Cardiac Electrophysiologists
- Cardiology & Cardiac Surgeons
- Digital Health Experts
- Neurosurgeons

ICI Professional Exhibitors and Sponsors

Parallel to the meeting a professional and commercial exhibition is held with over 100 exhibitors and startup companies from around the world.

We would like to thank the supporting companies from ICI 2018, among them:

Sponsorship and Exhibition

We invite you to take this unique opportunity to easily and effectively reach hundreds of the world's leading international medical professionals.

ICI meeting 2019

December 8-10, 2019 | Tel-Aviv, Israel

International Meeting for Innovation in Cardiovascular Interventions

www.icimeeting.com

Endorsed By:

Plan to join us at the ICI Meeting 2019

We are delighted to invite you to join us at the premier international scientific meeting devoted to Innovation in the cardiovascular arena - The ICI Meeting, which will be held this year on **8-10 December 2019 in Tel-Aviv, Israel.**

ICI has been hailed by many of the world leaders in the cardiovascular field as probably the leading event in this field, bringing together over than 2000 physicians, scientists, entrepreneurs, technology experts, academics, venture capitalists and medical industry representatives for important dialogues to build bridges for the better future of cardiovascular medicine.

As we expect this years' ICI Meeting to continue to lead innovations, grow and reach new heights of discussions and communications among all stakeholder, we are looking forward to welcoming you to join us! **Do not miss this meeting.**

Meet some of our Leading Invited Speakers for 2019:

- Michael Böhm, Germany
- Alberto Cremonesi, Italy
- Elazer Edelman, USA
- Peter J. Fitzgerald, USA
- Robert J. Gil, Poland
- Ömer Göktekin, Turkey
- Juan F. Granada, USA
- Martin B. Leon, USA
- Amir Lerman, USA
- Felix Mahfoud, Germany
- Ehtisham Mahmud, USA
- Francesco Maisano, Switzerland
- Ian T. Meredith, USA
- Issam D. Moussa, USA
- Sean Salmon, USA
- Patrick W. Serruys, The Netherlands
- Horst Sievert, Germany
- Gregg W. Stone, USA
- Corrado Tamburino, Italy
- Renu Virmani, USA
- Ron Waksman, USA
- William Wijns, Ireland
- Adam Witkowski, Poland
- Ted Feldman, USA

Main Conference Topics

- TAVR
- Personalized Medicine
- Stents- Coating, Eluting and Beyond
- Connected Health
- Electrophysiology
- Complex Cases
- Stroke
- Brain Protection
- Technology Parade
- Drug Eluting Balloons
- Mitral Repair or Replacement
- Renal Denervation /Sympathetic Modulation
- Funding
- Peripheral Intervention
- Carotid Interventions
- Acute Coronary Syndrome Interventions
- Biodegradable Scaffolds
- Heart Failure
- Imaging and Physiology in the Cath Lab
- Structural Heart Disease
- Device Innovation
- The Cath Lab of the Future
- Cell and Gene Therapy
- Regulatory Aspect in New Devices

ICI 2019 Important Dates:

AUGUST 31, 2019 | Abstract Submission Deadline

SEPTEMBER 15, 2019 | Abstract Submission Deadline for the Innovation Award Competition

OCTOBER 1, 2019 | Early Registration Deadline

ICI Technology Parade

ICI 2019 HIGHLIGHTS

The heart of the ICI conference is the Strong International Collaboration between Medicine and Industry with an emphasis on technological developments, novel knowledge-rich technologies, and the diligent pursuit of solutions to yet unsolved problems in heart, brain and cardiovascular medicine. Focused on innovation, the ICI Meeting provides an extensive platform for startup companies presenting their latest technologies. The Technology Parade can be a jumping board for new companies with brilliant and creative new ideas.

From all perspectives, Israel is known as a pioneer in cardiology. With this, the ICI is featuring **This is the opportunity to help your business move "from idea to reality".**

ICI Innovation Award Competition

The ICI Innovation Award is one of the world's most significant and prestigious award competition for Medical Interventions Startups.

The ICI Innovation Award offers Medical Interventions Startups the opportunity to obtain critical peer review and feedback from a world-class panel of clinical and commercial experts. The finalists will have the opportunity to meet the experts face-to-face, and have to prove the merit of their idea – and in the process receive valuable advice and guidance – an opportunity that money really cannot buy.

This year's Innovation Award Judges are once more looking for brilliant new ideas and startup businesses that have the potential to transform patients' lives.

Academy of Innovation

Join us for the Academy of Innovation day!

DON'T MISS out on this wonderful opportunity to expand upon the unique skills needed in order to develop new biomedical technologies and take the critical first steps in invention, patenting, early prototyping and development of new concepts.

IDENTIFY – INVENT – IMPLEMENT

Where do you begin as a medical technology innovator?

What lessons can you learn from experienced inventors?

How can you improve your chances of success?

The Academy of innovation day will include:

*The Incubator concept *Assessing the need and the market *How to excel in applied research * Steps in securing intellectual properties *Patent applications *First prototype testing *First in man studies* Steps towards regulatory approval *How to attract funding *Dynamic group activities dealing with current and future needs of interventional cardiology and biodesign.

Digital Health

Digital health is the convergence of digital technologies with health, healthcare, living, and society to enhance the efficiency of healthcare delivery and make medicines more personalized and precise.

Join us to the Digital Health day!

This year as well we will have a plentiful program, on our Digital Health Day, that will bring together medical professionals, international and local experts and innovative companies in the field of digital medicine. DON'T MISS out on this wonderful opportunity meet our speakers and expand knowledge and networking.
